We will contact you by phone the day we ship, giving you time to prepare for your delivery. We ship plants in 4 seasons. Generally we ship by Canada Post. We ship in the following seasons:

Spring dormant - which is generally April 1 to June. Plants arrive with no leaves. (Required for export.)

Spring active - Plants are actively growing and arrive about May 15th to June 15.

Fall active - Plants arrive actively growing approximately August 15 to September 15.

Fall dormant - Plants arrive with no leaves in November. This is only for commercial operations that can properly handle the overwintering storage requirements.

Priority will be given to orders placed in this order: 1) spring active, 2) fall active, 3) fall dormant and 4), spring dormant. Inventory of live plants is "interesting". Plants are organisms that are always subject to many mishaps from pests to environment. Propagation is difficult as well. Though we are very good at what we do, we appreciate your patience while we produce the best quality plants we can for you.

Ordering, Shipping and Payment Requirements:

Orders less than \$500.00 require payment in full. 25% down is required on larger orders to book. Payment in full required prior to shipping. We accept Visa, MC, AMEX Prices subject to change!
